

# TickIT<sup>plus</sup> Core Scheme Requirements published

---

**30 November 2011, Ely, England** – The TickIT<sup>plus</sup> Core Scheme Requirement (CSR) has been published today. The CSR document is identified as important in the Base Process Library (BPL) and is required reading for anyone that wants to properly understand how to approach TickIT<sup>plus</sup> certification.

The [Core Scheme Requirements \(CSR\)](#) set out the requirements for undertaking an accredited TickIT<sup>plus</sup> Assessment which satisfies the ISO 17021 audit requirements and follows the principles of ISO 15504-2 for conducting capability assessments. Together with the [BPL](#), it is essential reading for any organisation considering or undertaking TickIT<sup>plus</sup> assessment.

The [Core Scheme Requirements \(CSR\)](#) are available to purchase for just £60 at [www.itgovernance.co.uk/products/3712](http://www.itgovernance.co.uk/products/3712)

There is a 3-year transition period from TickIT, and details of transition arrangements will be published on the [TickIT<sup>plus</sup> website](#) as they become available.

There are three organisations currently accredited by gasq to deliver TickIT<sup>plus</sup> Foundation training:

- [IT Governance](#)
- [LRQA Training](#)
- [Quality IT AB](#).

Here's a quick round up of the course availability and pricing from the current TickIT<sup>plus</sup> ATP's:
